

Fragrance dispenser X-Scent 60

GENERAL

Be inspired by an invisible atomization of luxurious scents with this powerful scent machine

- suitable for bottles of 200 ml
- frequency and operating times can be set to the second thanks to the "Aroma Link" app on your phone or tablet
- can be placed or hung (hanging kit included)
- uses microdiffusion technology (atomization of concentrated oil)
- ideal for healthcare institutions, hotel lobbies, reception areas, changing rooms, car companies, showroom, shops,... from 50-1200m² (3000 m³)
- Connects to the electricity network

USAGE

First usage:

- Open the dispenser with the corresponding key
- Gently pull out the bottle
- Open the bottle and fill with fragrance
- Close the bottle and screw it into the dispenser
- Connect the dispenser with the accompanying cable to the wall socket and switch the device on with the side button (you will hear a beep)
- Lock the dispenser with the corresponding key
- Download the "Aroma-link" app on your smartphone or tablet
- Choose Bluetooth mode and connect your device with the app
- Set the operating time and frequency as desired
- Close the app

Refilling with fragrance

- Switch off the dispenser with the button on the side
- Open the dispenser with the corresponding key
- Gently pull out the bottle and open it
- For refill with the same fragrance: open the bottle and fill with fragrance
- For refill with a new fragrance: take a new refill bottle and fill with fragrance
- Close the bottle and screw it into the dispenser
- Switch the device on again with the side button
